

Hi Fiona and June

I just want to thank you both for making me, my mum, and my 2 bridesmaids look and feel absolutely fantastic for my wedding at Anvil Hall on 28th July 08. Sorry again to June who had to do my 2 year old daughters hair while we pinned her down on the bed. even with her having a tantrum, you made her look like a princess, thank you, you were amazing. Everyone said how fantastic we all looked, i would recommend you both.

Dear June,

Thank you so much for turning me into a princess! You know how much I appreciated your work on that day - I nearly cried at the first glance in the mirror for I have never been looking so wonderful and I couldn't stop hugging you!

EVERYONE said how stunning I looked that day - Everyone admired my hair - and I kept it up until Friday - everything stayed perfectly for four days!!! Can you imagine!!

Thank you again - and you know I will call you when I win the lottery! ;-)

Lots of love, Daggie from Germany

Hello

Just wanted to say a big thank you for the excellent job done on my hair (13th August at Comlongon Castle). The wonderful curls stayed in the whole day and it was a big job as I'm normally so tomboyish!

I wanted to include some pictures. Also included is a picture of one of the sillier guest outfits (Bananaman) as the girl who looked after me requested (Jackie? I'm ever so sorry, I'm not sure of her name after all the mayhem since!).

Thank you! Elisabeth

Hiya,

I always meant to write a testimonial for you, ref hair & make-up that you did for my wedding in Gretna Green on 20th Sept 05, would have been under my name before I got married to Thomson. We were all absolutely delighted with the result, hair and make-up lasted untouched (unless the lipstick, which you gave us for touch-up anyway) until the end of the night.

I don't know if you would entertain the idea but my daughter Marie gets married in Livingston on 24th April 09, a bit outside your area, but would you consider going up there to do the same, bride, 3 bridesmaid and me? I know it's a far shot but I thought I would ask. If you couldn't go that far would you recommend anybody you know up there with the same quality of work.

Thank you once again for making my wedding day so perfect.

Regards

Joan Bailey
