

I thought I must write to you both for the excellent bridal make over, you both have great talent! I thought my day was going to be awful, I had no sleep the night before as I was ill, so was pale, with dark circles under my eyes. Part of the morning was spent in tears.

Then you both arrived and performed a miracle make over that saved the day! I greatly recommend you both, Jo - Peterborough"

---

I would just like to say a big thank you for the wonderful hair and make-up you gave my sister and I. I truly felt beautiful that day and the photographs were stunning as a result. It was a very professional service that I shall be recommending and just what I needed to calm my nerves that morning! Thank you again for contributing to a day that was for me the best day of my life.

Best Regards, Dawn

---

I felt that I needed to congratulate you on the first rate service myself and my bridesmaid received on the day of my wedding (19th June 2004). Our hair was done by Jacqui and make up by Liz. I was little concerned beforehand in case I didn't like results, but they were able to interpret exactly what we wanted and what would suit us.

We felt like princesses when they had finished, which is exactly how you should feel on your wedding day.

Please pass on our sincere thanks to them both, Debbie Winnall

PS Please pass on my best wishes to Jacqui for her big day!

---

I know you said you don't like using the computer, but I hope you read this email! I just wanted to say that I was completely thrilled with the "look" that you gave my bridesmaid and I on my wedding day - Saturday 23rd April 2005 at The Mill. I have never felt so beautiful and I would wholeheartedly recommend you and your fantastic colleague to anyone who is thinking of booking a makeover. Please feel free to put this letter on your website - you made Leanne and I feel completely relaxed and comfortable and I wish you continued success - you thoroughly deserve it.

Thank you again, Dianne"

---

Just a short note. I just wanted to write a quick thank you for making our wedding day a wonderful day. Not only did you make me and the Mums look great, but your patter and sense of humour helped me relax and enjoy every minute of the day.

So once again, thank you for making me look and feel great, and for helping me dress.

Thanks, Jill."
